

Information Technology discussed and deliberated: XIMB-XU brings yet another successful congregation of intellectual minds

21st-23rd December 2015, Bhubaneswar

Xavier Institute of Management-Xavier University, Bhubaneswar hosted the 14th International Conference on Information Technology during 21-23 December, 2015. ICIT is a premier international forum for sharing high quality research in the areas of Information Technology. The conference was organized by XIMB-XU in collaboration with Orissa Information Technology Society and IEEE.

The three-day event comprised of several Keynote Addresses, Invited Talks and Paper presentations. Among the 132 research papers received, 61 were selected after review. There were 54 participants and 24 paper presentations in the conference. Out of these presented research papers, three were conferred with awards under different categories. For XIMB-XU, the conference signifies a milestone in keeping pace with the latest research trends in the various fields of IT.
